

Manufacturer's Certification Statement

Pertaining to the
American Recovery and Reinvestment Act of 2009
Wayne-Dalton Garage Doors & Openers • Wayne-Dalton Corp.
 For Doors Installed in 2009 and 2010

This Manufacturer's Certification Statement can be relied upon by you, the taxpayer, for verification that certain Wayne-Dalton garage doors are eligible for the energy tax credit as noted below in Section I. The Internal Revenue Service requires the manufacturer be identified in the certification statement: Wayne-Dalton Corp. of One Door Dr., Mt.Hope, Ohio, 44660, is the manufacturer of Wayne-Dalton garage doors.

I. As stated in the IRS guidelines, Wayne-Dalton has determined that the following products listed below are Eligible Building Envelope Components, which qualify for a Federal Tax Credit under Section 25C of the Energy Policy Act of 2005, the provisions of which have been modified by the American Recovery & Reinvestment Act of 2009.

NOTE: All door models are eligible in all climate zones. To qualify for the credit, the door must be installed on a qualifying homeowner's principal residence with insulated garage space, and with a means of controlling air infiltration at the door perimeter on all sides, including the bottom. The tax credits now apply to qualifying purchases in 2009 through the end of 2010. The Tax credit is equal to 30% of the amount paid or incurred by you, the taxpayer, for residential energy property expenditures for the taxable year. The total aggregate amount of the credits that you, the taxpayer, can claim under this energy credit provision for the taxable years beginning in 2009 and 2010 shall not exceed \$1,500.

Under penalties of perjury, I declare I have examined this certification statement and to the best of my knowledge and belief, the facts are true, correct and complete.
